

EVALUATION OF TREATMENT  
Received by Alice Les Landes, Holistic Therapist

I had 2 treatments of:

Shiatsu     Touch for Health     Reflexology     Reiki  
 Facial     Counselling     Consultation

I found my condition improved:  Not     Slightly     Quite alot  
 Very Much

The holistic approach ( circle one ) ( Mentally, Spiritually, Physically )

Did not suit me     Did suit me

I found lacking in     mental     spiritual     physical  
Was just right     mental     spiritual     physical  
Very good     mental     spiritual     physical

Further Comments: *There does not seem to be enough positive words I can use to describe what Alice has done for me. She has helped to relieve my lower back & hip problems which I have suffered with for years & years and did not give up on me when others had (including my chiropractor). Alice is well-suited for her profession. She is one of the most compassionate, caring, genuine & patient person I have ever known. Although I left her I allow Alice Les Landes to use this statement for:*

Further Comments:

I ~~wasn't~~ prefer to go a therapist that not only knows the human body as a physical object, but also knows the energy flows of the body. Alice was excellent at both. Also I appreciated our talks at the end which she discussed - preventive maintenance I could do in the future.

Dear Alice ~

What a treat to have spent some time with you these past few weeks with Touch for Health and Shiatsu ~ both new experiences for me!! I have enjoyed the treatments and the conversations. You're a very interesting person!

It seems that this is an exciting, growing  time in your life. 

#310 - 112 4th Ave. N.  
Williams Lake, BC V2G 2C7

I admire your courage ~ I believe it does take courage to dream ~ set goals ~ make plans ~ follow through ... 'tis a process. Give yourself a pat on the back!

I appreciate what you offer into a "healing session" ~ not only your expertise and knowledge  
~ but also your sharing of yourself.

You're very professional and at the same time you offer a warmth and caring which creates a relaxing, healing ambience.

So ... Thankyou  
~ not only for what you do  
~ but also for who you are !!

Have a great summer!  
I'm looking forward to seeing you in September.

Warmest thanks,  
Marilyn
